WHAT IS MIHA?

MIHA (Malaysian Industrial Hygiene Association) is non-profit professional organization founded in May 2003. It is amongst the pioneer of its kind in South East Asia. With more than 100 members within its first year, it is successfully serving the needs of its members in promoting the field of Industrial Hygiene, providing education and training, forums for the exchange of ideas and information plus representing the interests of Industrial Hygienists and those they provide service for. MIHA is also an affiliate member of the **International Occupational Hygiene Association (IOHA)** in pursuit of international recognition and standing.
